

## DUALFLOW® PLUS HAND DRYER

### GIVE YOUR BATHROOM USERS A QUALITY EXPERIENCE

The Dualflow® Plus M14 240V is a fast, energy efficient, hygienic & stylish hand dryer. It uses a high speed Class F universal brush motor to create an air stream of 410 Km/h that will dry your hands in as little as eight seconds. It is environmentally friendly thanks to its low power consumption (420 W in the ECO mode).

#### KEY FEATURES

- HEPA filter and Biocote® technology (antimicrobial agent)
- Can be connected directly to the waste pipe
- Very fast drying (8-15 seconds)
- Class F universal brush motor to create an air stream of 410 Km/h
- Environmentally friendly
