

## Burns Kit

**Respond faster to incidents** - this kit was developed as an additional module to work alongside the core workplace kit for compliance where a risk of burns has been identified. This burn module features ground-breaking products to ensure the best possible treatment and care.

### TARGETS

Suitable for flame, scalds and chemical burns.

### LATEX FREE

All components of the kit are latex free, perfect for those with an allergy.

### CONVENIENT

The case is made with holes in the handle so the case can be mounted on the wall.

### WATERPROOF

Constructed out of tough durable plastic that protects the contents from water and dust.

### MULTIPLE USERS

Equipped with enough contents to treat up to ten people.

### SINGLE USE

All contents are single use to ensure that everything inside the kit is hygienic.

### COMPLIANT

Complies with AS2675-1983 which addresses standards for portable kits for consumers.

### HYPOALLERGENIC

Successfully undergone testing to ensure the material does not produce a toxic reaction.

### INFORMATIVE

Every kit includes a First Aid Guide that helps the user administer First Aid.

### VERSATILE

Selection of different sized burn sheets and gel pads to suit multiple levels of injuries.

### ENVIRONMENTS

Suitable for a variety of workplaces such as kitchens, construction and industrial sites.

### EFFECTIVE

The kit allows for quick response times which helps prevent infections and heal the skin faster.

**SUITS HOME AND WORK ENVIRONMENTS**

**WATERPROOF CASE**

**MEETS AUSTRALIAN STANDARD AS2675-1983**

**13CM X 21CM X 7.5CM**
