

HeartSine Samaritan

Install a defibrillator now - do not wait until there is an emergency. At any time and any age - sudden cardiac arrest does not discriminate. Lives can be saved by placing Automated External Defibrillators (AEDs) in locations where large numbers of people gather.

USER FRIENDLY

Includes CPR coaching that guide the user with visual and voice prompts.

ALWAYS READY

System Status Ready Indicator that flashes to show the device is ready to use.

SELF DIAGNOSING

Automatically runs a self-check each week to ensure the system is operational.

ACCESSORIES

Every HeartSine Defibrillator comes with a shock-proof carry case free of charge.

DURABLE

The device has been drop tested to 1 metre, making it great in emergencies.

TOUGH

Rating of IP56, providing the highest level of protection from dust or water in the industry.

PORTABLE AND LIGHTWEIGHT

The HeartSine Defibrillator weighs 1.1kg making it easy for anyone to respond in an emergency.

ADVANCED TECHNOLOGY

Uses SCOPE Biphasic Technology to assess heart rhythm & recommend a shock if necessary.

GREAT FOR CHILDREN

Unique Paediatric Pad-Pak ensures the appropriate energy level is delivered to children.

EASY UPKEEP

The battery and electrode pads are combined in one PAD-PAK cartridge for easy replacing.

COST EFFECTIVE

The PAD-PAK shelf life of four years offers significant savings over competitor expiry dates.

INCIDENT RECORDING

Takes the hassle out of recording the event with 90 minutes of memory capacity.

AVAILABLE IN 350P & 500P VERSIONS

8 YEARS WARRANTY
